acquisition of a site for use the Mahammedans of Shemoga Town as burial ground.

Note

In 1900, Seven acres of land out of Survey No 84 of the Kallahalli village in the Shimoga Taluk were acquired for the Mahammedan burial ground for Shemoga Town at a cost of Rs 91. This ground was used by the Mahammedans on the ground that the Soil is hard and that there is difficulty for water. They therefore selected another site near the Kallahalli village and requested the President Grant it to them. Some of the Municipal members and the President visited the Site selected and have approved of it. The matter was discussed by the Board on the 25th October 1902 and the

Survey No 47

The D.C. Comm in ~~xx~~ requesting sanction as recommended by the Ins states in para 8 of his letter, reference that Mr Strickland orally objected to the land in ques being allotted for a burial ground on the score of ~~his~~ its being very near his residence, that he was asked to put in a written protest which he did not do, that this fact was brought to the notice of the Muni Bd of Shemaga and that all ~~the~~ members present at the meeting held on the 25th Feb'y were of opinion that Mr Stricklands' objection was not tenable. A ~~plan~~ sketch shewing Mr Stricklands bungalo and the situation of the site is sent by the Pres Bd

The land originally acquired, the President says, may be returned to the owner on his refunding the Compensation amount (Rs 91) received by him for the land, and if he fails it may be disposed of to the benefit of the Municipality

As desired in their Office Docket
No 11615 of the 11th Feby 1903 the Senior
DR 16-98 Surgeon and Sanitary Commissioner
inspected the Site in question on
the morning of the 21st inst in
company with Mr J Cholmeley
Col Benson sees no objection to
the Site being used as a burial
ground, on the contrary, he considers that
it is admirably adapted for one

As regards Mr Strickland's
objection Col Benson states that
objection is not tenable as

as the proposed site is not sufficiently near his dwelling to be objectionable and being a considerable lower level than his house, that there is no fear of contamination of his water supply & that if the site were to be used for cremation it would be objectionable as the site is to the South West of Mr Strickland's bungalow.

holder of the land of a Compensation of 91 Rupees therefor.
The objection of want of water on the land raised by the Musalmans was met by the Sanction of a well at a cost of Rs 390/- which however was never sunk as these people declined having any thing to do with the land.

2. The acquisition of the land and the opening out of the same as a "Kabarastan" was intimated to the "Mahomedan Community both in writing and by beat of "tom tom". Being unwilling to take up this land on the ground of its hardness, of its soil and of its distance to the mahomedan quarter of the town, they petitioned the Government to be permitted to use their old ground or be given a better site. Sir
With reference to Government
Proceedings No 5456 / R 1711 dated 31st Jan.
January 1900, sanctioning the

Aquisition Regulation No VII of
1894, of 7 acres of land out of

providing a mahomedan

That 7 acres of the said land were duly
acquired on payment to the
holder

holder of the land of a Compensation of 91 Rupees therefor.
The objection of want of water on the land raised by the Musalmans was met by the Sanction of a well at a cost of Rs 390/- which however was never sunk as these people declined having any thing to do with the land.
2. The acquisition of the land and the opening out of the same as a "Kabarastan" was intimated to the "Mahomedan Community both in writing and by beat of "tom tom". Being unwilling to take up this land on the ground of its hardness, of its soil and of its distance to the mahomedan quarter of the town, they petitioned the Government to be permitted to use their old ground or be given a better site. To their petition the Government issued an
(818) endorsement (915 dated 10th February/00) declining to entertain

with the action of the local authorities

3. Since then the community has been moving a ground on the other side of the Tunga river more than 2 miles distant from the town and never once have used the above said land given them for the purpose. But they have been persistently laying their grievance before the municipal authorities both in person and in writing, so much so, that I have now got selected land No. 47 measuring (3 acres 21 guntas) in Hillagatta, Shimoga Taluk. to the north of the Bangalore — Honnawar Road just opposite the Protestant cemetery.

4. On inspection I found this place best fitted for the purpose, the soil being soft and yielding and situate, so low that there will never arise a possibility of any building springing up in its vicinity

5 The Vice President showed the land to the Civil Surgeon and has obtained

obtained his written approval for using the land for a "Kalavarastan"

6 The proposition was thereupon circulated among the non official municipal members of the Board who all unanimously voted in favour of acquiring this land for the purpose.

7. The Amildar who was asked to fix a proper compensation for the land has settled it at 25 Rupees an acre.

8. Meanwhile Mr Strickland who lives in Mr Nagarkar's Bungalow further to the north of the same road orally objected to the place being allotted for a Burial ground on the score of its being too near his dwelling place. He was asked to put in a written protest which he has not done. The matter was therefore brought before the meeting of the municipal

last month and all the facts laid before it. It was unanimously resolved to acquire this land to be allotted to the mahomedan Community of Shemoga for a "Kabarastan" in preference to No 84 of Kalkalli; all the members present being of opinion that Mr Stricklands objection was not tenable.

9. Under these circumstances I beg to submit herewith for Sanction and for publication in the Gazette a Statement shewing the land — (Survey No 47 Nidgatta) to be acquired and to request that Government may be pleased to accord its — Sanction to the acquisition of the same as these people are really experiencing great hardship for want of a convenient burial ground at a time when plague is accounting for a larger mortality than usual.

10. Mr D. Chokkamma, Deputy Assistant Commissioner, may be

Authorized

authorized to take order for the acquisition of the land.

11. The amount of Compensation may be met out of Rs 100/- provided in the budget of the municipality under head VIII P.W. of. water supply rehabs

12. The land already acquired in Kalkali may either be returned to the original owner, on his returning the 91 Rupees he had been paid for it or otherwise disposed of to the benefit of the municipality.

13. The vernacular Proceedings site plan and all papers connected with the above are submitted for information and obliging return.

in suppression of the old burial ground behind the
Bandy stand. But the land has never used by the
community for the purpose being, as they stated, too
far. They now apply for another site for the purpose
and have selected no 47 in Mulgatta in the vicinity
of the people & in the enjoyment of Dargah pir hajo
This land appears the suitable for the purpose
In plan the opinion of members of the Rent Board is
attached requested to submit the records &
list for land acquisition of the land. The civil
surgeon has opposed of the place.

I would rather like to see the Government propose any extension of the old Mahomedan ground. The Roman Catholic burial ground was too small and any extension of it was proposed and carried out some ten years ago. J. Sanderson.

After all the site now selected is a small one & if the contour prescribed by Surveyor the Members viz that it should between cut about 10 yards from the Road or drain & that it should be enclosed with a compound wall to it will become smaller still. Considering the Mahomedan I think this ground may be substituted very soon. Considering that slope is making it [illegible] Stone line - After this Enquiries necessarily they must go to the Site already selected further by the Abdul Rahaman K.B. Mr was seen & approved by the boards - No doubt there complained - that the site originally selected is a little too far from the line & this entails trouble & carriage boards Abandoning the Entrance of the line from Kumsi Sese is selected with Series of burial grounds & we will be Entangled if Still further. In case the Roman Catholics Cleric Entombing part can't see no reason to object to this present site given to the Mahomedans - Reserving the interest of Sites at the disposal of the R.C. with the consent of the Members. Any how I think it better to place this before the next meeting of the board & get it settled after a thorough Enquiries

Sir,

With reference to your docket No.11615 L.R.16-98 dated 11th February 1903, regarding a new burial ground for the Mahomedan Community of the Shimoga Town, I have the honor to state that I inspected the site this morning the 21st Instant in company with Mr. T. Chokanna and I see no objection to the site being used as a burial ground, on the contrary, I consider it admirably adapted for one.

I concur with the Municipal Commissioner that Mr. Strickland's objection is not tenable, as it is not sufficiently near his dwelling to be objectionable, and being at a considerably lower level than his house so that there is no fear of contamination of his water supply. If it were for cremation, it would be objectionable as it is to the S. W. of his bungalow.

I have the honor to be
